About The Farm Book.

The farm book we give is brand new—it is up to date; it tells all about farm crops and diseases of crops and plants and orchards. Then it has many pages devoted to hog, horse, cow and chicken diseases—this part alone with the treatments and remedies makes it a valuable animal doctor book, worth several dollars. It is covered in tough, light boards, and is full of pictures and good reading matter.

The Southern Agriculturist

is the South's leading farm paper; it is a large, instructive and interesting farm journal, and a three years subscription to it will be of lasting benefit to you.

The Clipper

is a twice a week paper, with all the county news that's fit to print and some other matter of interest. You can't well do without it.

The Seed

The garden seed are those of Amzi Golden Co., the men who sell the truck, farmers that make their living growing vegetables. They are last years growth of seeds and are fresh and good.

Send all orders by mail or come to office at Elba. Please send money order; do not send stamps as we have more stamps on hand now than we can well use. We will mail premiums postage paid by us. Write out the seed you want PLAINLY. Please say in order whether or not you are getting The Clipper now, and whether you are getting The Agriculturist now, so we will know whether to put your name on now or advance you from old date, so that you won't lose any time paid for on either paper. NOTICE: We cannot change terms of subscription at all, either by adding to or taking from this offer.

Moody-Marsh.

Last Sunday at the home of the bride's parents at Enterprise, at 10 A. M., Mr. W. H. Moody was married to Miss Connie Marsh, Judge S. N. Rowe officiating.

The bride is a young lady of many charming traits of character and the groom is one of Elba's good citizens. We wish them a long and happy life.

Helms-Barnes.

Married, at the residence of the bride's parents near New Brockton, last Sunday at 2 o'clock, P. M., Miss Ruth Helms and Mr. Calvin Barnes, Judge Rowe officiating in his most happy manner. A large concourse of relatives and friends were present, and it was a most felicitous occasion.

The bride is a beautiful and charming young lady, with many friends, and is a member of one of the large and excellent old families of the county, her father being Hon. M. W. Helms, and her mother being a member of the Johnson family, also a well known and estimable family. The groom is a fine young man from Geneva County, where he and his bride will make their home. We wish them a long and happy life.

Fifty Million Bales, Demand on South.

Greenville, Miss., Jan. 17.—Forty years hence the world will require of the United States a round fifty million bales of cotton from which to fashion its clothing.

These astonishing figures were given today by Dr. Seaman A. Knapp, of the Department of Agriculture, who delivered an address here on "Cotton, the greatest of Cash Crops." The government expert is concluding a speaking tour of the Southern states under the auspices of the Southern Railway.

Town Council Meetings.

The town council of Elba held meetings Tuesday and Thursday afternoons working on the financial matters of the town. It has for nearly all its term been striving to get the town out of a financial hole, and has practiced the most rigid economy, with the result that Mayor Owens and Treasurer Brannen hope to be able to have most of the old debts behind them by the end of the year.

At present the endeavor is to get all of the moneys of the town collected, and to that end the collecting officers were Thursday instructed to push collections and take such lawful steps as may be needed to get them at once.

The new councilman, Mr. Garrett, is already one of the hardest workers the town has ever had on a council, and his fellow members say his ideas are fine.

The hook-worm conference now in session at Atlanta says nearly all the south is suffering from this disease, and that it is found in all sections of the country. The disease is easily eradicated when proper sanitary rules are observed.

Alabama is a great state with millions of idle rich land, and all other thing necessary to induce home-seekers to come and live with us, but the home-seekers will never find it out until some systematic advertising is done for the state.

At the "Child labor conference" lately held in Washington, Gov.

Comer was handed a hot roast for his action in refusing to appoint delegates for the conference held in New Orleans some months ago.

Rev. I. W. Williams Testifies.
Rev. I. W. Williams, Huntington, W. Va., writes us as follows: This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that Foley's Kidney Remedy will do all that you claim for it." City Drug Co.

The Clipper is publishing a subscription offer in this issue that you just cannot afford to pass up. If you subscription is already paid have it set up another year and take advantage of this offer. We give you \$5.10 worth of stuff that you need for only \$1.85. The offer will not hold good long, so come now and take advantage of it.

For indigestion and all stomach troubles take Foley's Orino Laxative. It is the natural remedy for indigestion, dyspepsia, heartburn, bad breath, sick headache, torpid liver, biliousness and habit. Laxative sweetens the stomach and breath, and tones up the entire alimentary system. City Drug Co.

A conference of governors is being held this week in Washington. Gov. Comer is in attendance and is taking a prominent part in the proceedings.

Advertisers are funny things. When their stores are crowded with customers and they have all they can do, then they advertise. When their clerks are idle and their stores empty and they have plenty of time to wait on new customers, they will not advertise. Just at the time their business needs medicine worse they refuse to call in the doctor.

It is a dangerous thing to take a cough medicine opiate that merely stifles your cough instead of curing it. Foley's Honey and Tar lozenges and cure the cough and expels the poisonous germs, thus preventing pneumonia and consumption. Refuse substitutes and take only the genuine Foley's Honey and Tar in the yellow package. City Drug Co.

The festive candidate will soon be strung out in the mad race for the pie counter.

Henderson Running.

Tuesday Col. Charles Henderson announced his candidacy for Governor. He is a prominent Pike County citizen, president of the railroad commission, and for many years a leader in railroad rate reform. He announces that his platform will be given out to the public at an early date.

Mr. Chas. Henderson, chairman of the railroad commission and a leader in the anti-amendment fight, has announced that he will be a candidate for governor.

It now seems probable that three men will be in the race for governor from each side of the late amendment fight. Mailory, Seed and Pearce represent the amendment forces and are already in the race, O'Neal, Henderson and probably Scraggins, will come from the Anti side.

Hogs are selling for \$9.00 per hundred pounds on hoof in Chicago markets. The Lord only knows what it will sell for by the time they are shot with salt and retailed to the Alabama folks.

Elba streets were filled Wednesday with empty wagons that were brought to town to haul out guano. It is seldom that we see any kind of country produce being brought to town for sale. The wagons usually come in empty and go back loaded. When this custom is reversed prosperity will surely be right in the country homes.

The high cost of living has stirred the country from end to end. The great increase in cost is generally credited to trusts of various kinds. The price on nearly everything consumed by the people is now fixed by some combination of rich men.

Cotton men now estimate that at least 15 million bales of cotton will be made this year. The number of acres will not be greatly increased but much more fertilizer will be used and the crop given better attention than usual.

Price Shoes Going Up.

Boston, Jan. 18.—The price of shoes is going up. Official announcement to this effect is made by the National Shoe Wholesalers' association, declaring that the high prices of leather make the increase necessary.

This is the year you specially need The Clipper to keep up with county and state political news. It is going to be a year of great things for Coffee County and the state. See our special subscription offer and get in line to keep posted.

Quite a number of improvements are being made of residences in Elba, and several new homes will be built as soon as the season becomes favorable for out door work.

The other day we saw a man inquire about his poll tax, add it up, scratch his head and go away sorrowful. He said he just could not pay thirteen dollars and a half. He is well to do. If any man were to try to take away his vote he'd fight him, litigate him, spent a hundred dollars on a fuss with him—yet he willingly throws away his right to vote for a dollar and a half a year. Too bad.

The Elba Telephone Co., is having new and better poles put on its line to town.

Oxford, Miss.—Believing that attempts to turn the world from sin are futile, James Owens, a Scotch Baptist, became violently insane. He killed his wife, murdered his sister-in-law, Sarah MacAuley, fatally shot Will Vaughn, then, turning the gun on himself, committed suicide.

Several weeks ago, it is said, Owens showed signs of insanity. He brooded over his failure to "save more souls." A day or so ago he threw aside his Bible, grasped a gun, and shouting, "I'm going to put you out of the way of sin!" he killed the two persons in his house, then ended his own life.
